LIVER COMPLAINT AND DYSPEPSIA.

It is estimated that seven-tenths of all adult aliments proceed from a deseased and torpid liver. The bilisary seemstions of the liver overtowing into the stomach polson the entire system and exhibit the above symptoms. After long research, we are able to present the most remarkable cure for these horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the PLASTATROS BUTTERS, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulan saited to all conditions of life.

The reports that it relies upon mineral substances to its active properties, are wholly fairs. For the satis faction of the public, and that patients may consult their physicians, we append a list of its components.

Chinara Cank.—Celebrated for over two hundred gears in the treatment of Faver and Ague, Dyspepsia, Westness, etc. It was introduced into Europe by the Counters, wife of the Vicercy of Peru, in 1640, and afterwards sold by the Jesuits for the convenue price of its convection in their, under the name of Jesuit's Product, and was finally made public by Louis XVI, King of France. I consider Chickering & Sons' Pianos superior to any in the world.

They are unrivalled for their singing qualities and for the harmonious roundness of their tone. Thare is a perfect homogeneity throughout all the registers. The appear notes are remarkable for a clearness and purity

Your Planes are superior to any I have ever seen in this country or in Europe.

I have never heard a tone so perfect; it yields every expression that is needed in music, and its quality is capable of change to meet every sentiment. This is a rare power, and is derived from the perfect purity of its tone, together with its sympathetic, elastic and well balanced touch.

Among the chief points of excellence of the Chickering Planos, of which speak the renowned artists in their congratulatory testimonials to the Mesers. Chickering, are the greatest possible depth, richness and volume fone, combined with a rare brilliancy, clearness and perfect evenness throughout the entire scale; and above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

During the past forty three years this firm has manusciured
